Peruvian Guano Substitute!

BAUGH'S
RAW BONE
SUPER-PHOSPHATE OF LIME.

TRADE MARK

BAUGH & SONS,
Sole Proprietors and Manufacturers,
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

For WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every Crop and Plant.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and light manuring.

It is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than bought Stable Manure, or Peruvian Guano. The labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.

Our NEW PAMPHLET, "*How to Maintain the Fertility of American Farms,*"—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.

Sewing Machines.

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING).

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION:—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

Selected Poetry.

THE MAIDEN TO THE MOON.

BY JOHN G. SAXE.

O Moon! did you see
My lover and me
In the valley beneath the sycamore tree?
Whatever befel,
O Moon—don't tell—
'Twas nothing amiss, you know very well!

O Moon!—you know,
A long time ago,
You left the sky and descended below,
Of a summer's night,
By your own sweet light,
To meet your own Endymion on Latmos height!

And there, O Moon!
You gave him a boon,
You wouldn't, I'm sure, have granted at noon;
'Twas nothing amiss,
Being only the bliss
Of giving—and taking—an innocent kiss.

Some churlish lout
Who was spying about,
Went off and blabbed—and so it got out;
But for all the gold
The sea could hold,
O Moon!—I wouldn't have gone and told.

So Moon—don't tell
Of what befel
My lover and me in the leafy dell!
He is honest and true,
And, remember, too,
We only behaved like your lover and you?

Agricultural & Domestic.

LIME—AGAIN.

For the Gettysburg Compiler.

MR. STAHLE:—The article on Lime in Agriculture, in your paper of Monday, was especially interesting to me because I saw in it several things which my own experience confirms. Give me a little space to point them out, and I have no doubt many others will see them in the same light.

The article says "lime absorbs moisture from the atmosphere." I believe this to be true, because I have for years found that soil limed, (I use fifty bushels to the acre,) will stand dry weather better than that not limed—growing crops being not near so soon nor so severely affected.

"Lime enables crops of superior quality and bulk to be produced," and "fodder is found more nutricious," the article also declares. This every farmer who uses lime must acknowledge. It is not only true of grain crops—it is especially so of grass. I have not only made more hay, twice as much, as before, but always of more *nutricious* quality. Ere I used lime my cattle would keep poor, notwithstanding they had enough hay and fodder in bulk. But since liming my farm, they are always in good condition. The pasture seems to do them more good, and in the winter the same *amount* they used to stay poor on now keeps them reasonably fat.

The article closes with a preference for "employing lime in small quantities, at short intervals, rather than in large doses once in many years." This is exactly right, especially on land not limestone. My experience, carefully made up, *proves* it—and I would recommend this course at all times, but with increased force now that lime is high.

I have thus touched on the points in my mind when starting out, and if I have added but a mite to their weight, your agricultural readers will be so much better informed.

By the by, let me compliment you on the successful manner in which you get up your agricultural column. It is just what farmers want—practical, solid, and suited to the locality. I subscribe for several agricultural publications, and yet your well-digested weekly budget sometimes contains more of real merit and satisfaction than I can find by wading through fifty columns of matter in the publications referred to. You give us farmers here in Adams county something to *think* about, because you give us matter that we can appreciate and make available in our calling. Persevere—you are doing a good work. The spirit of improvement has taken firm hold—everybody is for doing *something* to better the soil—and your weekly suggestions cannot help but make that spirit more earnest and enthusiastic. Every farmer should read them as they appear, no matter whether his views on other subjects agree with your's or not. In the matter of elevating this county in the agricultural scale, *all* must agree that you are fully and entirely right.

PLANT PEAR TREES.

There is no more delicious fruit than the pear—and none more certain. Pear trees bear well almost every year—which cannot be said of apples or peaches—and good pears always command good prices. Besides, pear trees require no more attention than apple, and less than peach trees. Therefore, we say, don't neglect to plant the former. See to it *this* very Spring—and in a few years reap an abundant reward for the labor and outlay incurred.

An apparently well-posted contributor to the *Farm & Fireside* says that were he to select only five varieties, he would take the Belle Lucrative, Bartlett, Pratt, Urbaniste and Beurre d'Anjou. Were he to select ten varieties he would choose the Beurre Giffard, Belle Lucrative, Bartlett, Pratt, Louise Bonne d'Jersey, Duchesse d'Angoulême, Figue, Beurre d'Anjou, Lawrence and Vicar of Winkfield. We should certainly include or add the Seckel, for though small it is among the most high-flavored and delicious.—*Editor Compiler.*

PLANT PEAS DEEP.—The theory recently advocated of planting peas very deeply in the earth, in order to prolong the bearing capacity of the vines, has been well tested and found to be correct. A farmer ploughed a furrow beam deep; then scattered the seed peas at the bottom, after which he turned a deep furrow upon them with his plough, covering them to the depth of twelve or fourteen inches. They pushed their way up through the thick mass of earth very soon, and instead of turning yellow at the bottom, and dying after the first gathering, they blossomed and bore until he was tired of picking the pods. If such a result will uniformly be realized from this plan, pea culture may be more profitable than hitherto.

ADORN YOUR HOMES.—Some one writes both gracefully and forcibly: "I would be glad to see more parents understand that when they spend money judiciously to improve and adorn the house and the grounds around it, they are in effect paying their children a premium to stay at home as much as possible and enjoy it; but when they spend money unnecessarily in fine clothing and jewelry for their children, they are paying them a premium to spend their time away from home—that is, in places where they can attract the most attention and make the most display."

In planting trees, vines, or anything else, never expose the roots to the air. Sun-light is almost fatal, even when they are moist. A thin covering is a great help.

The Gardner's Monthly says that most of the failures in planting raspberries and blackberries, arise from planting too deep.

Litherage mixed with lard is recommended as a cure for chilbains.

A FRANK ADMISSION.

Billy Ross is a great temperance lecturer, and at Rushville, Illinois, was preaching to the young on his favorite theme. He said:—

"Now, boys, when I ask you a question you musn't be afraid to speak right out and answer me. When you look around and see all these fine houses, farms and cattle, do you ever think who owns them all now? Your fathers own them, do they not?"

"Yes, sir," shouted a hundred voices.

"Well, where will your fathers be in twenty years from now?"

"Dead," shouted the boys.

"That's right. And who will own all this property then?"

"We will."

"Right. Now, tell me, did you ever, in going along the streets, notice the drunkards lounging around the saloon doors, waiting for somebody to treat them."

"Yes, sir, lots of them."

"Well, where will they be in twenty years from now?"

"Dead!" exclaimed the boys.

"And who will be the drunkards then?"

"Us boys!"

Billy was thunderstruck for a moment, but recovering himself tried to tell the boys how to escape such a fate.

"DON'T READ DAT PAPAH."

The Elmira *Gazette* says: "The other evening as our carrier was distributing his papers about town, a pompous looking nigger, about three shades darker than the inside of a soot chimney, who was sunning himself on the corner at a Bank, hailed him and wanted to know what "papah" that was. After telling him, the boy handed him one, which Mr. Nigger took, and after perusing it a while upside down, commenced:—'An' so dis is de *Gazette!* Dis am de kopperhead papah! De kullud folks don't read dat papah, sah!' handing it back to the boy. 'Dey read de '*Tiser,* de loyal papah, sah! De papah dat 'stablishes de fac dat a kullud indiwidual am as good as any white man, an better dan de poo' white trash.'"

GOOD JOKE.

The Murfreesboro (Tenn.) *Monitor* has the following: "We heard a good joke on one of the Radical delegates who was returning from the Nashville convention. A respectable, well-behaved darkey of this place was at the depot, selling apples and cakes, when a Radical delegate approached him and told him he was now the white man's equal, and that if any '*rebel*' attempted to impose on him to knock him down or shoot him, and he would be protected. The darkey gave a long guffaw, and said: '*Lord!* my young master was in de rebel army, and I was dere wid him. Deed I was.' The Rad. was so disgusted with the man and brother's disloyalty that he returned the five cents' worth of apples he had bought, swearing he would patronise no 'd——d rebel.'"

BLOOD OF POULTRY.

Dr. Marcarel has employed successfully the warm blood of chickens, turkeys and ducks in cases of great poverty of blood and extreme languor and debility. The blood taken from the animal is received in a cup, and heated to the temperature of a sand bath. The patient, after swallowing it, may take a spoonful of cherry brandy, or sherry wine. Another writer says that he has often directed, in cases of diabetes and great exhaustion of the system, the blood of a calf to be taken at the moment of its escape from the bleeding animal, and also chicken's blood of the same warmth; or after it has coagulated, it may be cooked with broth and flavored with salt and spices.

Apt Reply.—A veteran relates the following: It happened that a mule driver was engaged in leading an unruly mule for a short distance, which job proved as much as he was able to do, and gave full employment to both of his hands. As he was thus engaged, a newly appointed brigadier rode by near him, in all the consequential radiance of his starlight, when the mule driver hailed him as follows: "I say, I wish you would send a couple of men down here to help me to manage this mule." "Do you know what I am, sir?" "Yes," was the reply, "you are General ——, I believe." "Then why don't you salute me before addressing me?" inquired the brigadier. "I will," replied the worthy M. D., "if you will get off and hold the mule." The brigadier retired in good order.

A certain farmer (a pillar of the church) had a fine field of wheat, which, being a little late, was threatened with an early frost. In the emergency he went into his closet and wrestled in prayer with the Lord for its preservation. In his prayer he stated the facts fully, and how the *wheat* would be affected by the frost, and wound up his petition in these words: "Not, Lord, that I would dictate, but merely recommend and advise."

What the Negroes Cost.—The Army Appropriation bill just published, makes an appropriation of $8,836,300 for the support of the Freedmen's Bureau for the year ending June 30, 1867.

JUDGE WOODWARD'S SUCCESSOR.

To one who has no higher object in view than the welfare and ultimate success of the Democratic party, it seems fitting that its members should be casting about for a successor to Chief Justice Woodward. It is true, it may seem premature to agitate the subject at so early a day, but when we consider that full reflection and conference with one another is always wise, certainly no evil can result therefrom.

It has been, and is even now hoped—and by none more so than the eminent jurist whose name I am about to introduce—that our beloved Woodward will yet yield to the well-expressed desire of the whole people, and again consent to give his great ability and integrity to the wants of the community. If, however, we are to be disappointed, allow me to introduce the name of that truly good man and able jurist, Hon. ROBERT J. FISHER, President Judge of the York and Adams district. In so doing, it is not my purpose to enter into a laudatory or encomiastic panegyric touching the past life of this Christian gentleman and pattern jurist. Suffice to say, he has for years had a lodgment in the great heart of the people, which never can be effaced. His brilliant mind, his solid acquirements, his quickness of perception, his great uprightness of character, and his indomitable will to execute, are attributes which will at once strike the reflecting mind, and call forth a hearty response from all sections of the State, that he would be the right man in the right place, once upon the Supreme Bench. Judge Woodward, I am assured, would feel highly complimented in the selection of a successor so eminently able and revered.

Whilst we thus write, the friends of Judge Fisher sincerely and earnestly trust Judge Woodward may at an early day reconsider his letter of declination and consent to be a candidate. If it is to be otherwise, then we will hope for a favorable consideration of the claims of Judge Fisher.

HOW ABSURD.

Our forefathers of the revolution were certainly great dolts when they incorporated into the Declaration of Independence, the following silly objections to the conduct of the King of Great Britain:

1. Keeping in the colonies in the time of peace standing armies.
2. Rendering the military independent of and superior to the civil power.
3. Imposing taxes without allowing representation.
4. The depriving the colonists of the benefit of trial by jury.
5. For suspending Colonial Legislatures.
6. In inciting insurrection likely to result in an undistinguished destruction of all ages, sexes and conditions.
7. Abdicating government, by declaring us out of the protection of the mother country.
8. Quartering large bodies of armed troops on the colonists.
9. Sending into the colonies swarms of officers to collect taxes and oppress the colonists.
10. Refusing to pass proper laws for large districts of people unless they would relinquish the right of representation.
11. Obstructing and interfering with the judiciary, thus denying justice.
12. Interfering with legislative bodies, and dissolving them for opposing with manly firmness invasions of the rights of the people.
13. Protecting military officers by mock trials, for offences which they have committed against the colonists.

TILTON AT A DISCOUNT.

Theodore Tilton, the pious "God and Liberty" editor of the New York *Independent,* has been lecturing out West, inculcating religious and political instruction combined, on the basis of the negro platform. It would seem that he was no more pleased with his audiences than were his audiences with him. A Janesville (Wisconsin) paper says the lectures there did not pay, the largest loss being on Tilton. At Chicago the Young men's Association lost $138,93 on Tilton. At Cincinnati he complained that his hearers did not appreciate his points. At Pittsburgh he made the same complaint. At Rochester, N. Y., on the 21st., he had one hundred and sixty persons to hear him, and he did not attempt to conceal his disappointment. These are good signs and give promise of better times coming.—*Cincinnati Inquirer.*

VARIETY.

—Forty divorce cases are now before the courts in Pittsburg. Twenty-four are applications from wives and sixteen from husbands.

—Postmaster General Randall states that there are two millions of dollars in the hands of clerks in post offices destitute of postmasters.

—The chaplain of the New York Assembly perpetrated the following pun in a prayer: "May men of principle be our principal men."

—The Richmond *Enquirer* says the Military bill "destroys the State of Virginia, and of course destroys her public debt, for which Congress now becomes responsible." How will the Rads get over this fact?

—The New York *Tribune* has a good word to say on behalf of the destitute people of the South. "The starving," it well says, "have no politics; and the merciful should have none. The best reconstruction we can think of here is the supply of bread to the starving."

—It is surmised that with considerable trouble Ashley and Detective Baker will soon be able to report enough stuff to hang an impeachment on.—*Exchange.*

It would not be half the trouble or expense for the country to furnish enough stuff to hang both Ashley and Baker upon—and it would certainly be better for the people.

—They are about importing monkeys into Texas for cotton picking purposes. The cost will be about $12 per head, and when they are well trained six of them will pick a thousand pounds per day. This will be a great advantage to the cotton growers of that State, if Congress should not make the monkeys voters.

—There are thirteen cotton factories going up in Tennessee. And they are *thirteen rebels* against the North. Cotton factories in the South bode final destruction to New England. The *spinsters* of Yankeedom have now another cause for war upon the Southern people.

—A gentleman who left Montana on the 25th of January, reports that the winter has been a very severe one in that region. In many places the snow was from ten to fifteen feet in depth, and all travel was obstructed for days. There is no business doing in the Territory on account of the severity of the weather.

The murders, the arsons, the suicides, the burglaries and the unstemmed torrent of vice and immorality which now sweeps over the country, has an origin not in the actual perpetrators, but in those still back of them, who have poisoned the fountains of christianity and prostituted all that is sacred to the ends of an infamous party in its struggles for power. Radicalism is the work of the devil.

Great complaints are coming up from various sections of the Southern States about shrewd and rascally negroes from the North, (mulattoes, especially,) who are preying upon the ignorant Southern darkies—swindling them out of every thing they acquire by their industry. It is said that there are thousands of Northern darkies engaged in that business—two or three thousand from New York city and State alone, and a still larger number from Boston.

CROW, CHAPMAN! CROW!

CONNECTICUT REDEEMED!!!

A MAGNIFICENT VICTORY!

Election of the Whole Democratic State Ticket!

Election of Three Democratic Congressmen!

The Tide Turned! White Men, Rejoice!

Connecticut is redeemed! On Monday last the Democrats and Conservatives met the Radical Destructionists at the polls, and vanquished them, "horse, foot and dragoons!" This glorious news must thrill the heart of every pure patriot in the land. It proves that a turn in the political tide has set in—that "the sober second thought" has taken hold even in a New England State,—and gives promise of a healthy reaction everywhere. Fanaticism has reached its highest point. From this time on its course will be downward, until it reaches a more ignominious end than ever before followed a political organization in this country.

In 1866, Gen. Hawley, Radical, was elected Governor of Connecticut, by 541 majority. On Monday last, James E. English, Democrat, was elected over Hawley, by ONE THOUSAND AND TWENTY-FIVE!!! The whole Democratic State ticket also successful!

In 1865 the Radicals elected all of the four members of Congress to which the State is entitled. On Monday last *the Democrats elected three of the four Congressmen!*—defeating, among others, the great "showman," Phineas T. Barnum. The net Democratic majority on Congressmen is about eighteen hundred!

Each House of the State Legislature will be pretty closely balanced. The Senate stands eleven Radicals and ten Democrats. The House stands one hundred and twenty Radicals and one hundred and sixteen Democrats. Last year they stood—Senate, thirteen Radicals and eight Democrats; House, one hundred and forty one Radicals and ninety-five Democrats.

Friends of the Union, the Constitution, a white Man's Government and Civil Liberty, rejoice!

OPINIONS OF THE PRESS.

Connecticut Redeemed!
[From the N. Y. World.]

This result is in the highest degree gratifying, as indicating a turn in the tide, and the beginning of the great reaction which is to sweep the Republican party out of power. No attempts which the Republicans can make to explain away this significant and foreboding defeat can be of any avail. They have not been beaten by any lack of effort to ward off the blow, for never did they conduct a campaign with greater spirit, energy, and perseverance, or with a more lavish expenditure of money. It is all in vain to pretend that the success of the Democrats is owing to their introduction of side issues, like the labor question; for the fact that the inundating flood of fanaticism has sufficiently abated to allow such side topics a hearing, is the most trustworthy proof of reaction.

This good beginning will presently be followed by other proofs of a reaction. In about three weeks, we shall have an opportunity to test anew the comparative strength of parties in the State of New York. The vote for the delegates at large to the Constitutional Convention will show whether the Republican party has gained or lost since last fall's election, and we are confident, from the signs of the times, that the reaction will be found more powerful here than it has been in Connecticut. The passions of the last six years are rapidly dying out by the exhaustion of their fuel and the near prospect of a final settlement in the South. The Republican party, whether for good or for evil, has accomplished its mission. It must die with the issues which gave it birth and have kept it in power. The nineteen months which intervene between now and the Presidential election will witness the decline and fall of a party which has done more mischief, shed more blood, squandered more treasure, kindled more diabolical passions, and inflicted deeper wounds on constitutional government, than any other political party that ever existed in the world.

Light is Breaking!
[From the Hartford Times.]

We have redeemed the State, and this is all we promised. It is enough. It is glorious, for it is a blow for the Union of our fathers, a protest against military despotism and arrogant usurpation of power by Congress.

Friends, throughout the country! Let us calmly consider this great result—this victory which is to sweep over many of the Northern and Western States, as certainly as that the people love liberty and respect civil government. It has been achieved against vast odds. The whole force of the Republican party of the country was brought to bear against us. Their money and their men were sent here to defeat us. We had little aid from abroad, while our opponents, charging the Democracy with using money to cover up Republican corruption and the floods of money which they brought to bear against us, had all they wanted. The result is peculiarly gratifying, because it is achieved on principle and the bold and startling issues forced upon us by Congress. Thanks to a noble people—the laboring men, the Conservatives, the Democrats, who have achieved this work. Thank God for the kind Providence which has smiled upon a just cause, and favored those who have struggled for civil law and free government. The light is breaking. The people are moving.

The Connecticut Victory!
[From the Harrisburg Patriot & Union.]

This important victory, occurring in a section of the Union where the Conservatives had little or nothing to hope for, will have a most telling influence upon States in other sections where party lines are not so strictly drawn as they are in New England. We may safely count upon this event, therefore, as the turning-point in the destiny of the nation—the commencement of a return to constitutional law as the guiding star of government. The Radical leaders have kept the war up too long. The people everywhere, anxious to prosper and live happily with their countrymen, are weary of strife—especially such strife as that which aims at the prostration and enslavement of millions of citizens only to secure the aggrandizement of a small but infamous clique of demagogues. Whilst the Radicals of the Rump Congress were belching forth their malignant diatribes and wasting the hard earnings of the toiling taxpayers in carrying out partisan schemes to insure perpetual power, the people were taking the "sober second thought." They of Connecticut weighed the Radical leaders in the balance and found them sadly wanting. The election on Monday announces their verdict against the malignants who, *for two years*, plotted and worked to destroy the Union only to upbuild their own fortunes.

Let us hope that the people of every other State in the North have resolved as well to rebuke and set aside the maladministration in Congress. We know that the tide has turned, and that every noble and good element of the country is tending towards the old landmarks, but, through fear of Radical malevolence and dragooning, thousands of men merely cherish their disaffection to Radicalism in secret. Let them now come out boldly, and like the people of Connecticut, throw the whole weight of their votes and influence against those who have completed secession by driving ten sovereign States out of the Union; who have plundered the Government of hundreds of millions of dollars and who are dragging the country down to bankruptcy and centralized despotism. People of Pennsylvania, the people of Connecticut say to you—*Join* with us to save the country! Let us join them with all our souls.

REJOICINGS OVER THE VICTORY.

NEW HAVEN, April 2—1 A. M.

Connecticut is redeemed! There is a terrific crack in the iceberg.

New Haven is wild with excitement. Chapel street is lit up with immense bonfires, and crowds are cheering on all sides.

A great crowd remains in front of the *Register* office, and "won't go home till morning." The Radicals slunk away from their offices to their homes about nine o'clock. One hundred guns will be fired as soon as the returns are complete. The streets, from one end of the city to the other, resound with cheers.

The News in New York.

The New York *World* of Tuesday morning says: The great news of the decisive Democratic Union victory in Connecticut was greeted with intense gratification last night by the thousands on thousands who stayed up to hear the talk of the telegraph, unwilling to retire without learning the news that the Radical Disunion line in Connecticut had been broken, and the Conservative victory of 1868 assured to the cause of reason, justice, and brotherly feeling. As fast as our special despatches were received, the victories and the gains they heralded were given to the immense throngs that extended from the publication office far out into Park row and Beekman street.

Cheers, "long, loud, and continued," welcomed the glad tidings, and not since the election of 1854, have the spirit and the enthusiasm run higher. The election of Hon. James E. English as Governor, the defeat of the wrong and the election of the right Barnum to Congress, the success of Representatives Hotchkiss and Hubbard, together with the superb gains in both Houses of the Legislature, created intense delight, and cheers for Connecticut, the Union, and The World resounded far and wide along the limits and throughout the midst of the crowd.

ALBANY, April 2.—The Democracy of Albany celebrated the victory in Connecticut with a torch-light procession, the firing of cannon, fire-works, and speeches.

At Harrisburg.

HARRISBURG, April 2.—This evening, at six o'clock, a national salute was fired on Capitol Hill, under the direction of the Democratic members of the Pennsylvania Legislature, in honor of the glorious triumph achieved by the Connecticut Democracy over the Radical Disunionists. This day, one year ago, the same guns thundered forth a Radical victory in the same State. The Radical members of the Legislature attribute their signal defeat to the endeavors of Congress to elevate the negroes above the white men. J.

"RADICAL REPUBLICANISM!"

The Philadelphia *Bulletin*, in speaking of the result in Connecticut, expresses deep "regret" over the defeat of Hawley—more especially because "he fought out the recent campaign upon the broadest principles of Radical Republicanism."

"Radical Republicanism" had a good deal to do with Hawley's defeat. Based only upon negroism and malignant fanaticism as "Radical Republicanism" is, it is calculated to sink the strongest candidate. No heavier political mill-stone was ever tied to the neck of an office-seeker.

Democratic Gain in Rhode Island.

The election in Rhode Island took place on Wednesday. Gen. A. E. Burnside is re-elected Governor, but loses 1,197 of his last year's majority. Two Radicals are elected to Congress, but one of them loses 300. The Democrats gain one State Senator and several members of the House. It is a promising sign when Radicalism shows a downward tendency in so benighted a spot as "Sprague's farm."

—The Radical majority in Rhode Island in 1865 was 9,308; in 1866 it was 5,381; and now it is still further reduced to 4,194.

Conservative Victory at Annapolis.

ANNAPOLIS, Md., April 3.—The municipal election on Monday last resulted in the success of the whole Conservative ticket. Dr. Abram Claude was elected Mayor over Richard Swann, the present Radical incumbent. James R. Howison was chosen Recorder, and John R. Magruder, William Black, John H. Thomas, William A. Thompson, and Dr. John R. Walton, Aldermen—all Conservatives.

☞The Rads say—"Connecticut is of no consequence." If it is not and was not, why did they send an army of their best speakers and two hundred thousand dollars there to keep control of it?

☞The Congressional policy is rebuked in Connecticut by a net majority of 1,800—the majorities for the three Democratic Congressmen being 3,500, and the Republican majority for their member being 1,700.

☞P. T. Barnum, "the woolly horse" candidate for Congress in Connecticut, runs behind in all parts of his district; and in his own pasture—Bridgeport—he falls a hundred votes behind his ticket!

☞As Phineas T. Barnum failed in reaching a seat in the Rump, it is likely he will buy up the remains of the Radical party in Connecticut for his "museum."

☞Congress adjourned on Saturday week. The President called an extra session of the Senate, to act on appointments, &c.

HOW THEY LOVE THE SOLDIERS.

The loud protestations of love for the soldier which so constantly fall from the lips of the Radicals have been repeatedly shown to be mere lying pretenses. Where they think they cannot succeed except through clap-trap, the leaders consent to put forward some soldier for office, generally taking good care that he is one whom they can use as they see fit; such a humbug as Geary, for instance.

Within a few weeks past the "loyal patriots" in Congress have given abundant evidence of their appreciation of the services of the soldiers of the war. One after another some of the most worthy officers have been rejected by the Senate. It mattered not how faithfully they had served the country. All their services were of no account in the eyes of such men as Sumner and his followers.—Speaking of the recent rejection of Gen. Slocum as Naval Officer at New York, the New York *Herald* says:

Major General Henry W. Slocum was named by the President for the vacant position of naval officer of the port of New York, and the United States Senate has refused to confirm this admirable nomination. General Slocum was educated at West Point. He went to the war as Colonel of the Twenty-seventh regiment of New York Volunteers, and served in the battle of Bull Run. Prompt thus to be present in the first possible battle, there was scarcely afterwards a great field on which the national cause was to be upheld from which he was absent. He went to the Peninsula with the Army of the Potomac and did heroic service through all that terribly destructive campaign. He went through the memorable seven days' fight around Richmond. At Crampton's Pass on the South Mountain he stormed and carried by assault a rebel position on a hill side, so rough and of such difficult access that the men who voted against him would probably refuse to climb it in even these peaceful, pastoral days. He was at the battle of Antietam! He was at the Chancellorsville fight, commanding the Twelfth corps, and when the Eleventh corps broke Slocum's lines, these were what the enemy found in their way, and what kept them from sweeping like a deluge down the rear of our lines. There Slocum saved the army. Slocum also commanded the Twelfth corps through the glorious three days of the Gettysburg battle, and opposed immediately all that magnificent fighting by which the enemy endeavored to turn the right—fighting their way all along his front from Spangler's Spring to Cemetery Hill. Slocum next went to the Western Army, and did such efficient service, that when the force was made up for Sherman's march from Atlanta to the sea, he was given the command of one of the two columns into which Sherman's force was organized. Thus from the first fight to the field of Joe Johnson's surrender, Slocum was in the front line of glorious service. He was fit for that service, but his opinions do not suit certain United States Senators, and he cannot have office. Does not the party that rejects such candidates write its own sentence?

From that case let soldiers learn how they are appreciated by the leaders of the Republican party.

DEMOCRATIC GAINS IN THE WEST.

The gains for the Democratic party at the elections held within the past fortnight, have not been confined to the East. In the West the same gratifying evidences of a change in public sentiment are to be seen. The Democracy of Ohio have made a most gallant and satisfactory struggle, and in all portions of Michigan the local elections have resulted in a loss to the Radicals. In Columbus, Ohio, the Democrats exceeded their most sanguine expectations. They elected the Mayor, Marshal, City Solicitor, and six out of the nine Councilmen, leaving scarcely a trace of Radicalism in that city. This glorious result, the Democratic journals of that section declare, resulted from the Radicalism of Congress; its usurpation; its striking out of existence ten State governments; from the legislation of the Ohio Legislature, whereby Columbus is denied the management of its own police affairs, and the passage through the Senate of the resolution abolishing the political distinction between the whites and blacks. The majority in this city at the next election is confidently estimated at from one thousand to twelve hundred. In Cincinnati the Democracy contested the election with much spirit, and gained one Councilman. Cleveland did nobly. The gain there for the Democracy in one year was seven hundred and fifty-six. The party in Newark, Ohio, was well organized, and the result showed a gain of five hundred and fifty-one, since the fall election of last year. Chilicothe added one hundred and sixty-two to the column of Democratic gains in a twelvemonth, and Zanesville seventy-five. Other towns in like manner increase the Democratic vote, thus showing that the people of Ohio are becoming tired of Radicalism, which is preventing a union of the States, and thus impeding the movements of all the business interests of the nation.

The result of the election in Detroit, Michigan, is also a matter of congratulation, as indicating the drift of public sentiment in the Northwest. The Democratic vote is largely increased, while that of the Radicals falls off. The Democrats elected one Regent and the Radicals one. The Democratic candidate for County Superintendent was chosen, and also the entire list of delegates to the Constitutional Convention. This is a substantial triumph, and one that will produce good results in the future. In the interior of Michigan the Democratic gains have been of such a character as to warrant a belief that the change taking place in other States is also operating there, and that at the next general election this fact will be demonstrated in a manner still more available. In all parts of the Union there are signs of a revolution in public sentiment, and the Democratic party must prepare to accept the solemn trust which the people will commit to their keeping, that of restoring the States to their old places in the Union. —*Age*.

☞The Rad organs are engaged in manufacturing outrages for Schuylkill county, as a make-weight for legislating that county into the hands of a hungry horde of cormorants. But the people have not forgotten the trick of manufacturing "outrages on freedmen," just previous to last fall's elections.

☞It is amusing to read the Radical newspaper accounts of how it was done in Connecticut. We agree with the Rads in one thing, however, and that is that "Connecticut is of very little account"—to them.

☞Some of the Radical newspapers are laying the whole weight of their defeat in Connecticut on P. T. Barnum, although, before they found the woolly horse wouldn't run, they repeatedly declared he was one of their very best men—an ornament to the party and a useful member in Congress.

☞Ben Butler's statement that two hundred deserters had been pardoned last fall on condition that they would vote the Democratic ticket, has, upon investigation, proved to be false. Stanton gave the order for their pardon, after (not before) the election, because there was positive proof that they had been wrongly marked as deserters.

TOWN AND COUNTY AFFAIRS.

REVENUE ASSESSOR.—*Appointment of Hon. Wm. McSherry.*—It affords us much pleasure to announce the appointment by the President, and confirmation by the Senate, of Hon. Wm. McSherry, of this county, as Internal Revenue Assessor for this Congressional district. We are sure that a better officer could not have been secured, and that a more acceptable choice could not have been made. Mr. McSherry has high attainments and business qualifications for the post, and is a very agreeable gentleman in every respect. His appointment will be received with much pleasure by the people generally.

REVENUE COLLECTOR.—Charles Askim, of Bedford county, has been appointed Internal Revenue Collector for this district, in place of B. F. Myers, rejected.

THE DAMAGE BILL.—The Border Damage Bill was passed finally by the House at Harrisburg on Thursday evening, by 50 yeas to 32 nays. It now goes to the Senate, where, it is generally supposed, it will also pass.

NORMAL SCHOOL.—Superintendent Sheely's Normal School opened on Tuesday last, under the most flattering auspices. Thirty-seven young ladies and gentlemen are already in attendance, and six or seven more are expected. The room, (on High street,) is a pleasant one, and Mr. Sheely has had it furnished in the best style. Had he more room and assistance, the School could be doubled in a short time. Mr. Sheely is manifesting deep interest in the advancement of those in attendance, and they in turn are just as earnest in the desire to advance. Under such impulses the School must prove a high success.

LITTLESTOWN SAVINGS INSTITUTION.—We are told that the Littlestown Savings Institution organized on Thursday last, by the election of the following officers:
President, Joseph L. Shorb, Esq.
Directors, Samuel P. Young, Enoch Lefever, Moses Hartman, Ephraim Myers, Benjamin Forry and Francis Crouse.
Treasurer, James Lefever.

The amount of stock desired to start with, $25,000, has been subscribed. The institution will no doubt prove a great convenience to the citizens of Littlestown and neighborhood.

ADAMS COUNTY GRANITE.—We are informed that the granite work for a large new jail, to be erected this summer, at Williamsport, Pa., has been awarded to Messrs. S. Powers and W. F. Atkinson, of this place. They are excellent workmen, and will make a good job. The granite will be cut at their yard here, and then transported to Williamsport by railway.

BAKERY.—Messrs. Newport & Ziegler, having erected a larger Bakery, with Sales Room, on the corner of South Washington and West Middle streets, are now in full blast at their new location. They are better prepared than ever to accommodate the local public and fill orders from abroad.

COURT.—April Court will commence next Monday. There is a full week's business on hand.

Just a word here to those owing this office. A number in arrears paid up during the last two weeks, in order to help us to a new Power Press, preliminary, and necessary, to an enlargement of the COMPILER. Will not the balance do likewise during the present and next week? Hurry in the greenbacks, friends, so that we may be enabled to go to New York for the new "machine" immediately after Court week.

SPRING.—Wild geese and pigeons have been moving northward in considerable numbers during the past week. This is accepted as evidence that Spring has set in in earnest.

☞It is announced that Speaker Colfax will deliver his Lecture in Gettysburg on the 9th of May.

☞The State Senate, on Wednesday, passed the bill to incorporate the Battle Hotel and Watering Place Company, at Gettysburg.

☞Jacob Smith, charged with stealing John Cunningham's horse, was arrested in Maryland, by Detective Rouser, week before last, and lodged in Hagerstown jail. Sheriff Hann brought him here on Monday, upon a requisition from the Governor.

☞Many persons are to-day suffering from Dyspepsia who do not know it; they feel a heaviness after eating, a sort of languor or lack of energy, and attribute it to the Spring weather. It is nothing but Indigestion, and one dose of Coe's Dyspepsia Cure will confirm this fact.

☞Hon. George Read Riddle, one of the Senators in the U. S. Congress, from the State of Delaware, died at Washington, on Friday week. He was elected Senator in 1864, for the term ending in 1869. Thomas A. Bayard, son of Hon. James A. Bayard, will probably succeed him.

☞A bill was filed on Thursday morning with the Supreme Court, in which the State of Mississippi is the complainant, praying an injunction to prevent the infliction upon that State of the provisions of the military acts recently passed by Congress. It was received and ordered to be printed.

☞The House at Harrisburg has voted $1,350 to each member of the Legislature. The people are paying a very extravagant price for the Radical whistle. Tax-payers, open your eyes.

☞The great Lindell Hotel, in St. Louis, was destroyed by fire a few days ago.

☞The negroes of Charleston, South Carolina, are continually making raids on the street cars, and getting up riots to rescue their fellows when arrested by the police. The United States regulars have their hands full in keeping the "wards of the nation" in subjection.

RICHMOND, April 4.—An explosion in the Clover Hill coal pits, Chesterfield County, occurred yesterday; and twenty-five white and fifty colored miners were killed.

☞The white people of Washington City refuse or neglect to register themselves. The Rads are registering all the darkies, and so many Clems and Sambos appear on the lists that it puzzles the oldest inhabitant to know where they all come from.

To the Soldiers and Sailors—A Card.

It is respectfully requested by the "Conservative Army and Navy Union," of this city, that all persons who have been soldiers or sailors, and rejected by the United States Senate for any office for which they had been nominated, or anywhere removed from office, with the causes as far as known or alleged therefor, send their names, rank, and military history of service in the army, with postoffice address, to Captain Frank Geise, Corresponding Secretary Conservative Army and Navy Union, Washington, D. C.

By order of the Executive Committee.
Washington, D. C., April 2, 1867.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this Sarsaparilla, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

A Card to the Ladies.

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the above celebrated Pills were first discovered by Dr. DUPONCO, of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalleled success, in every case, and it is only at the urgent request of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any Irregularities whatever, as well as to prevent an increase of family where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition lest they invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their mildness will prevent any mischief to health, otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to the sex.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, in which ladies say, nothing like the above Pills have been known since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring Nature to its Proper Channel, Quieting the Nerves and bringing back the "Rosy color of Health" to the cheek of the most delicate.

Price $1 per Box. Six Boxes $5.

Allcock's Porous Plasters.

Hartford, Conn., Nov. 1[illegible].

Messrs. THOS. ALLCOCK & Co.—Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them rendered them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Children's Lives Saved for 50 Cents.

Thousands of Children die annually of Croup. Now, mothers, if you would spend 50 cents, and always have a bottle of Dr. Tobias' Venetian Liniment in the house, you need never fear losing your little one when attacked with this complaint. It is now 19 years since I have put up my Liniment, and never heard of a child dying of Croup when my Liniment was used; but hundreds of cases of cures have been reported to me, and many state if it was $10 per bottle they would not be without it. Besides which, it is a certain cure for Cuts, Burns, Headache, Toothache, Sore Throats, Swellings, Mumps, Colic, Diarrhoea, Dysentery, Spasms, Old sores, and pains in the back and chest. Dr. SCHENCK'S PULMONIC SYRUP.

This great medicine cured Dr. J. H. SCHENCK, the Proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. SCHENCK makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. SCHENCK, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the Government stamp.

Sold by all Druggists and Dealers. Price $1.50 per bottle, or $7.50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

The Conqueror.

Never allow any household to be without it, if the first aim of humanity be happiness—and happiness implies health of body and mind. For Asiatic Cholera, it has no equal in the annals of history, as a preventive. For Diarrhoea or Dysentery no remedy so sure, quick, and potently reliable as Radway's Ready Relief. Dyspepsia in its most stubborn state, and Rheumatism in its different phrases, yield readily to the efficacy of the Relief, People call it "The Conqueror of Pain." Thorough cures are effected in Coughs, Colds, Bronchitis, Nervousness, Weakness, Depression of Spirits, Nightmare, and other like attendant diseases. For Burns, Cuts, Bruises, Soreness, Lameness, and Scalds, the remedy is effectual. No one need fear of contracting the Cholera Morbus, if they use the Relief as a preventive. It suddenly breaks Chills and Fever, drives away Dumb Ague, and is most effectual in severe cases of Diptheria. Its superior efficacy over all, has won for it a name famous in millions of families. The moment it is applied externally—or taken internally, according to directions—pain, from whatever cause, ceases to exist.

Sold by Druggists. Price 50 cents.

A Young Lady

returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. Know Thy Destiny.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife, of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. OHIO AND BUCKEYE PATENTS.

At the great trial of Reapers and Mowers at *Auburn, N. Y., in July last,* by the New York State Agricultural Society, this Machine was awarded the preference over all others in Class No. 5. This class was the most important of any, as it embraced Mowing and Hand and Self-raking Reaper in the same Machine.

This Machine has been awarded Medals and first Premiums by the Pennsylvania and Iowa State Fairs, and by hundreds of County Fairs in all parts of the country. This Machine took the first Premium at the Adams County *Agricultural Fair* held at Bendersville, September, 1866. Also,

BALL'S OHIO & RUSSELL'S SCREW POWER,

Both first-class Machines, having sold a number of these Machines in the last three years. They have given general satisfaction wherever used. We ask farmers to call and examine these machines before purchasing elsewhere, as they will be able to make a better selection. We could produce quite a number of certificates from some of the best farmers in the county, but deem it unnecessary, as we warrant these machines to give satisfaction with a fair trial, or no sale. Insured for one season.

Extras always kept on hand. We have made arrangements to have repairing done when needed at any time and on moderate terms.

With the above we have for sale a number of valuable Farming Implements.

SULKY CORN PLOUGH,

Can be used for ploughing and cultivating corn—finishing one row at a time. Can also be used for loosening up corn ground or putting in seeding. By raising the front shovels it can be used for marking out corn ground—marking two rows at a time. A Cornplanter can also be attached, planting two rows at a time.

CORN CRUSHERS,

For crushing corn in the ear or shelled.

STEEL COMPOSITION BELLS,

For Schools, Churches, Farms, &c.

STEEL PLOUGHS, SMYTH'S PATENT.

HAY RAKES,

An article every farmer should have—the best in the market.

Hand or self-discharging GRAIN DRILLS, (Willoughby's Patent,) with Crowell's Guano attachment.

Harrisburg GRAIN FAN, (Reynold's Patent,) considered the best mill ever in use in this county.

Any of the above machines can be had by calling on or addressing the subscriber, 2 miles from Gettysburg, on the Harrisburg road, where specimen machines can be seen.

One Cent Saved

IS WORTH TWO EARNED.

MONEY-SAVING people, do not pay out hundreds of dollars for BROOMS, when *you can make enough in one evening to last* you a year, which will suit you better than the best you can buy at any place.

This you can do, I will warrant it, if you will buy O. W. KELLOGG'S PATENT, which will cost you but a trifle, and will last you your life time. Then no further expense for Brooms. It is not made of material which is liable to break; nor does it fasten with screws. It is in no way liable to catch or tear a person's clothes, or mar furniture.

It is neither too heavy, nor too light. It is less complicated, less labor to make, and costs less than any other, and it sweeps more gracefully.

All who have used it will recommend it as highly as myself. Samples can be seen at any of the Printing Offices in Gettysburg, or at the Keystone House; and at John A. Snowden's, in New Chester, who has purchased territory, and is prepared to sell family or township rights to the citizens of Straban, Tyrone and Huntington townships.

Jacob Harman has purchased Berwick township and Berwick borough; and Martin Sheeler Mountpleasant township.

Family, township or county rights can be secured by calling on the undersigned, at the Keystone House, Gettysburg, Pa., or if you wait, you can purchase for your families as the agent comes round.

When planting time comes, just plant a little Broom Corn Seed and be prepared to make your own Brooms, for the agent will teach you in a few minutes, so that you can make as good a broom as any one.

THE undersigned has now on hand, and continues to manufacture, large quantities of EARTHEN DRAINAGE PIPES, which he offers at 8 cents per foot at the manufactory. If desired, he will lay the pipes, either *water-tight or loose-jointed, at a reasonable* compensation. They have been tried in different parts of the county, with entire success. For the drainage of cellars, &c., nothing better can be used. Specimens may be seen at Kalbfleisch's store, in Gettysburg.

The manufactory is in Oxford township, near Lilly's mill. Post Office address, New Oxford, Adams county, Pa.

Brinkerhoff's

CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee *appointed to select Implements for* exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; B. P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edwards Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the *following, from the New York Observer,* is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put into the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

The National

REAPERS AND MOWERS.

Hoffheins' Patents.

The No. 1 Machine has two Driving Wheels, Hinge Joint and Folding Bar, making it *very convenient to move from one place to* another; is very simple in its construction, extremely light draft and durable, cuts 4 feet 10 inches in grass and 5 feet 2 inches in grain; is a Self-Raker and Side Delivery, and is capable of cutting a whole field without binding a sheaf, and does the most satisfactory work

This Machine can also be used as a Hand Machine without injuring its qualities as a Reaper. The Machine is warranted to cut Grass as well as any Single Mower that cuts the same width. It is a strong two-horse Machine—three or four can be used, if required, in hilly ground.

GREAT IMPROVEMENTS have been made for the coming season.

The Machine is also perfectly balanced, no weight on the horses' necks in Mowing or Reaping.

No. 2 is a light two-horse Machine, and is differently constructed, cutting on the right-hand side; and in front of Driving Wheels is a *Self-Raker and Side Delivery.* The difference in the width of cut is 6 inches.

The shifting lever and the raising and lowering levers are both at the driver's right side, and with his right foot upon a pedal and his left upon a foot-step, he has the power and control of the whole machine, he can raise or lower the platform from three to fourteen inches, can throw the machine out of gear, and regulate the rake so as to make the sheaves large or small, and all this at the same time and without retarding the motion or speed of the machine.

All Machines warranted to give satisfaction! For further information apply to

SHIREMAN'S

NATIONAL SELF-DISCHARGING STEEL SPRING TOOTH

Horse Rake!

Patented September 9th, 1862, and Re-issued December 6th, 1864.

This Rake is an Independent Steel Spring Tooth Rake, and has proven itself to be the most perfect HORSE RAKE now in use. With this Rake the Horse does all the work, both the Raking and Discharging, by the driver moving a lever a few inches, which throws it in gear, and as the horse moves forward it raises the teeth and discharges its load, and then shifts out of gear itself, the teeth dropping down ready to rake again. By this operation it is easily understood that the *Raker has hardly any work to do at all!*

Important improvements have been made of late, making it very simple and durable in its construction. Thousands of them have been sold in the few last years, and given the best kind of satisfaction.

THE

HOWE SEWING MACHINES.

FOR FAMILIES AND MANUFACTURERS.

THE HOWE LOCK STITCH

THESE WORLD-RENOWNED SEWING MACHINES

Are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery, we are now able to supply the very best machines in the world. These machines are made under the immediate supervision of the President of the Company, ELIAS HOWE, JR., the original inventor of the Sewing Machine. They are adapted to all kinds of Family Sewing, and to the use of Seamstresses, Dress-Makers, Tailors, Manufacturers of Shirts, Collars, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Boots, Shoes, Harness, Saddles, Linen Goods, etc. They work equally well upon silk, linen, woollen and cotton goods, with silk, cotton or linen thread. They will seam, quilt, gather, hem, fell, cord, braid, bind, and perform every species of sewing, making a beautiful and perfect stitch, alike on both sides of the articles sewed. On Shoe and Leather work it is admitted to have no equal.

THE QUALITIES WHICH RECOMMEND THEM ARE:

1. Beauty and Excellence of Stitch, alike on both sides of the fabric sewed.
2. Strength, Firmness, and Durability of Seam that will not Rip or Ravel.
3. Economy of Thread.
4. Attachments and wide range of application to purposes and materials.

The stitch invented by MR. HOWE, and made on this Machine, is the most popular and durable, *and all Sewing Machines are subject to the principle invented by him.*

☞ Observe the Medallion Head of ELIAS HOWE, JR. imbedded in each Machine, without which none are genuine.

$100 REWARD.

FOR a medicine that will cure COUGHS, INFLUENZA, TICKLING IN THE THROAT, WHOOPING COUGH, or relieve CONSUMPTIVE COUGHS, as quick as

Coe's Cough Balsam!

OVER ONE MILLION BOTTLES have been sold and not a single instance of its failure is known. We have, in our possession, any quantity of Certificates, some of them from EMINENT PHYSICIANS who have used it in their practice, and given it the pre-eminence over every other compound.

It does not Dry Up a Cough,

but

LOOSENS IT,

so as to enable the patient to expectorate freely. Two or three doses

Will Invariably Cure Tickling in the Throat!

A half bottle has often completely cured the most *Stubborn Cough,* and yet, though it is so sure and speedy in its operation, it is perfectly harmless, being purely vegetable. It is very agreeable to the taste, and may be administered to children of any age.

In cases of CROUP we will guarantee a cure, if taken in season. *No Family should be without it!* It is within the reach of all, it being the cheapest and best medicine extant.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Lucorrhea, or the train of diseases that follow, I would say, try a bottle of DR. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.

The World Astonished

AT the Wonderful Revelations made by the great Astrologist, MADAME H. A. PERRIGO. She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils *the dark and hidden* mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of the above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

Reparator Capilli.

Throw away your false frizzles, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.

REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. Jules Jared's "EMAIL DE PARIS."

THE NEW
Beautifier of the Skin.

TESTIMONIALS FROM CELEBRATED LADIES.

This secret of beautifying the skin being known only to Messrs. Jared & Rene, they honorably state that it differs from all other preparations. It gives to the most harsh and freckled skin both the texture and color of polished Ivory, removing all discolorations, whether appearing as freckles, tan, morphew, moth or blackworm specks, and is especially successful in smoothing out the marks left by the smallpox.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as Signora RISTORI,
M'dlle FELICITA VESTVALI,
Miss MAGGIE MITCHELL,
Mrs. D. P. BOWERS,
LUCILLE WESTERN,
Madame PONISI,
Mrs. EMMA WALLER,
LUCY RUSHTON,
NOEMIE DE MARGUERITTES,
Miss A. PERRY,

and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.

The beautiful Lucille Western says:

"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."

The magnificent Vestvali says:

"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."

Miss Maggie Mitchell says:

"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."

"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Room, by the most refined and scrupulous ladies, producing all the beautifying effects of rouge and lily-white, without their vulgar glare or injury to the skin.

Sold by all first-class Druggists, Perfumers and Ladies' Hair Dressers.

THE PERUVIAN SYRUP

IS A PROTECTED SOLUTION OF THE
Protoxide of Iron,
a new discovery in medicine which
STRIKES AT THE ROOT OF DISEASE,
by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS,
Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints,
and all diseases originating in
A BAD STATE OF THE BLOOD,
or accompanied by DEBILITY, OR A LOW STATE OF THE SYSTEM.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.
DUNHAM, Canada East, March 24, 1865.

* * * "I am an inveterate Dyspeptic of more than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE *of Boston, says:*

"I have been using the PERUVIAN SYRUP for some *time past*; *it gives me new vigor*, buoyancy of spirits, elasticity of muscle."

THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

and is entitled to, merits and receives the general confidence of the public.

SEYMOUR THATCHER, M. D.,

of Herman, N. Y., writes as follows:

"WISTAR'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a Cough by loosening and cleansing the lungs, and allaying irritation, thus REMOVING THE CAUSE, instead of drying up the cough and leaving the cause behind. I consider the Balsam as good as any, if not the best, Cough medicine with which I am acquainted."

The Rev. JACOB SECHLER, of Hanover, Pa., well known and much respected among the German population of this country, makes the following statement for the benefit of the afflicted:

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—WISTAR'S BALSAM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it.

A (Bitter) Acrostic.

RESPECTFULLY Dedicated to the Proprietor of the Great Zingari, by a late Dyspeptic.

Far away from the pyramids of Egypt he came,
Restoring the sick, and healing the lame;
A cure for the cholera, that dreadful disease;
Heaven sent him on earth the dyspeptic to ease.
There are those who were troubled with fever and chills,
E'en they took but one bottle and were cured of their ills,
Resolved that in future, if ever they shake,
Such pleasant, nice Bitters—no other they take.
Gem bottle it troubled with nervous debility;
Rahter says it will cure; just try its ability.
Essence of life, then, to young and to old;
A certain preventive from coughs and colds.
Try it all, who are troubled with a weak appetite.
Zest is given by these (Bitters), if only used right:
In scrofula, colic, or a bad diarrhœa,
None who've tried it ot either have any more fear.
Great tidings is this, then, for rich and for poor;
A bottle can be had for a dollar (and more—
Rahter gives it to those unable to pay),
In no case of sickness will he turn them away.

F. RAHTER'S GREAT ZINGARI.

WHAT THE ZINGARI BITTERS HAVE DONE.—We publish the following for the benefit of the afflicted everywhere:

"I suffered for a long time of Dyspepsia, Heart Disease, and frequent attacks of Liver Complaint. Often the sufferings were so great that life was almost intolerable. I tried several eminent physicians, and most of the popular remedies recommended for such complaints, but found little relief until a few weeks ago I commenced the use of F. Rahter's Great Zingari Bitters, and am now perfectly cured." HENRY HULL.

Harrisburg City, Pa., Sept. 8, 1866.

Personally appeared the above named Henry Hull, and made oath in due form that the facts are true as above stated.

ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a lifetime of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

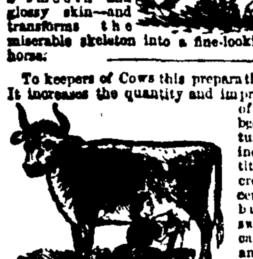

This preparation, long and favorably known, will thoroughly reinvigorate broken down and low spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

Teas! Teas!

TEAS FOR THE PEOPLE. No More Enormous Profits for Consumers to pay. Fifty Cents to One Dollar per Pound Saved by buying your Teas direct from the Importers.

T. Y. Kelley & Co., Importers of Teas, in connection with their large wholesale business, have determined to introduce their Teas *directly to consumers at importers' prices*, thus effecting a saving to the consumer of 40 to 60 per cent. Families can now club together for any kind or qualities of Teas, in *packages of one pound and upwards, and we* will send them a superior article of Tea at 5 per cent. above the cost of importation. Let some energetic lady or other person in each neighborhood call upon her acquaintances and take their orders for any of the following named Teas, and when a club of ten, twenty, or more is *obtained, send to us and we will* send the Teas put up in separate packages, with the name of each person marked on it, all enclosed in one box. As a *further inducement* to the person getting up the club we will send for his or her services, an extra complimentary package on all orders of $30 and upward. It is perhaps not well understood *why* we can sell Teas so very low; but when it is taken into consideration that besides the original cost of importation, the Broker, Speculator, Jobber, Wholesale Dealer and Retailer, has each to reap a large profit, and the innumerable Cartages, Cooperages, Insurances, Storages, &c., which Teas have to pass through before they reach the consumer, will readily explain this. We propose to do away with seven-eighths of these profits and expenses, and it now remains with the *people* to say whether they shall save 50 cents to $1 00 per pound on every pound of Tea they purchase, or be compelled to give their earnings to a host of useless go-betweens.

COFFEE DEPARTMENT.

We have lately added a Coffee Department to our establishment, and although we cannot promise the consumer as great a saving as we can on Teas, (the margin for profit on Coffees being very small) yet we can sell Coffees fully 25 per cent. cheaper than retailers charge. Our Coffees come direct from the Custom House, and we roast and grind them perfectly pure, put up in 1 or more pound packages, at an advance of 2 cents per pound.

Our Wholesale Price—Ground Coffees—Pure Rio, 25, 30 cents per pound. Best Old Government Java, 40 cents. Best Ceylon, 40 cents.

SENDING MONEY.—*Parties sending orders* for less than $30 for Teas or Coffees should send with their order a P. O. Draft or the money, to save the expense of collecting by Express. But large orders we will forward by Express and collect on delivery.

We shall be happy at all times to receive a call at our warehouse from persons visiting the city, whether dealers or not.
